- recognize human's individual growth and development in different stages of life
- understand the factors affecting the individual growth process

AH00BU03 Growth Environments: 5 ECTS**Learning outcomes**

The student is able to

- recognize the diversity of families and growth environments
- recognize the impact of the changes in the family and family dynamics
- describe his/her own views on upbringing

HLTISOS22S-1006 Social Pedagogical Counseling Skills: 10 ECTS**AH00BU04 Supervisor`s Self-Knowledge and Interaction Skills: 5 ECTS****Learning outcomes**

The student is able to

- develop self-knowledge and self-expression through creative methods
- develop emotional and interaction skills
- assess the safety level of a group
- develop group-working skills
- recognize the meaning of one's own personality and self-knowledge as a tool
- document their development as a supervisor

AH00BU05 Individual and Group Counseling Skills: 5 ECTS**Learning outcomes**

The student is able to

- identify and describe group phenomena
- plan, implement and evaluate goal-oriented individual and group counseling
- try out different methods of active interaction
- identify digital counseling methods
- document the working methods of a supervisor

HLTISOS22S-1007 Inclusive Social Work with Clients: 15 ECTS**AH00BU06 Well-Being Restorative Service System: 5 ECTS****Learning outcomes**

The student

- is able to recognize factors that affect the well-being of an individual and community
- knows the directions of societal welfare changes
- knows the characteristics of Finnish social security
- knows services and actors that support well-being

AH00BU07 Legislation Protecting Client's Rights: 5 ECTS**Learning outcomes**

The student

- is familiar with the central social legislation
- knows how to apply legislation
- knows the data security and data protection of client work
- knows the basics of the documentation of client work

AH00BU08 Agency-Supportive and Effective Client Work: 5 ECTS

Learning outcomes

The student

- is able to meet the client professionally
- knows the characteristics and process of goal-oriented client work
- identifies the primary methods of client work
- is able to guide the client in different interaction situations

HLTISOS22S-1008 Child and Family-Oriented Services: 10 ECTS

AH00BU09 Multifunctional Work for Children and Family Services: 5 ECTS

Learning outcomes

The student is able to

- identify and combine multidisciplinary family services
- support the child's and adolescent's development in different growth communities
- identify the meaning of protective and risk factors to well-being
- apply early support

AH00BU10 Child Protection: 5 ECTS

Learning outcomes

The student is able to

- use and apply child protection law
- justify his/her actions according to the benefit of the child and the ethical principles of social work

HLTISOS22S-1009 Substance Abuse and Mental Health Competence: 10 ECTS

AH00BU11 Substance Abuse: 5 ECTS

Learning outcomes

The student

- identifies social and cultural factors related to substance abuse
- recognizes different impacts of substance abuse from the perspectives of an individual, close community and society
- is familiar with the legislation and service system regulating substance abuse work
- is familiar with the working methods of substance abuse work

AH00BU12 Mental Health: 5 ECTS

Learning outcomes

The student

- knows the most common mental disorders
- recognizes the meaning of mental health from the perspectives of an individual, close community and society
- knows the ethical and legislative premises of mental health work
- is familiar with the working methods of mental health work

HLTISOS22S-1010 Cultural Diversity Competence: 15 ECTS**AH00BU13 Diversity Expertise: 5 ECTS****Learning outcomes**

The student is able to

- identify diversity as a phenomenon and understand its significance
- identify the models of intercultural competence
- guide the client in a culturally sensitive manner

AH00BU14 Building Equality: 5 ECTS**Learning outcomes**

The student is able to

- identify their own cultural starting points
- promote equality with a culturally sensitive approach to work
- guide the integration of immigrants

AH00BU15 Deepening of Expertise of Guidance Skills: 5 ECTS**Learning outcomes**

The student is able to

- assess different approaches to guidance
- apply the methods of guidance in a customer-oriented manner in different working environments
- apply guidance work in digital guidance environments
- apply methods that strengthen inclusiveness in guidance work

HLTISOS22S-1011 Welfare, Innovation and Technology Competence: 15 ECTS**AH00BU16 Promoting Well-Being and Health: 5 ECTS****Learning outcomes**

The student is able to

- assess the impact and effectiveness of the promotion of well-being and health
- communicate information for promoting the well-being and health of the population

AH00BU17 Technology and Innovation Knowledge: 5 ECTS

Learning outcomes

The student is able to

- promote well-being by utilizing technology
- recognize well-being innovations and use them
- understand the ethical perspectives of well-being technology

AH00BU18 Innovation in an Aging Society: 5 ECTS**Learning outcomes**

The student is able to

- recognize social and cultural factors that affect the well-being of the elderly
- identify the premises of the aging policy, legislation and service processes related to the services for the elderly
- assess the benefit and usage of technology in supporting the everyday life of an elderly person and strengthening their involvement

HLTISOS22S-1012 COMPLEMENTARY COMPETENCE: 30 ECTS**HLTISOS22S-1013 Alternative Complementary Competence: 15 ECTS****HLTISOS22S-1014 Early Childhood Education: 15 ECTS****AH00BU19 Early Childhood Education: 10 ECTS****Learning outcomes**

The student is able to

- develop their own work in early childhood education
- form their own view on upbringing
- observe, plan, implement, evaluate and document pedagogical activity in early childhood education
- carry out, develop and evaluate educational cooperation together with the parents
- promote the children's and parents' inclusion and right to be heard

AH00BU20 Support Needs in Early Childhood Education: 5 ECTS**Learning outcomes**

The student is able to

- recognize and assess the risk factors for the wellbeing of different kinds of children and families
- strengthen the wellbeing of children and their families with targeted support
- recognize and assess the need of service guidance and network cooperation to support the children and families
- guide the families in the multidisciplinary service system
- use methods that are applicable for the support need

HLTISOS22S-1015 Social Guidance: 15 ECTS

AH00BU21 Needs and Forms of Support in Special Support: 5 ECTS

Learning outcomes

The student is able to

- identify special support needs
- identify the principles of evaluating functional capacity
- identify ethical questions
- identify different areas of the client's functional capacity, forms of special support and rehabilitation, as well as the methods of guidance

AH00BU22 Youth Welfare and Inclusion: 5 ECTS

Learning outcomes

The student is able to

- identify the characteristics of the growth and development of the youth, as well as their resources and support needs
- name the key legislation and service system concerning the youth
- work to enhance the status of the youth and to promote inclusion
- identify the participative methods of youth work
- recognize the role and meaning of the psychosocial expert work in school community
